title Diagrama de Secuencia - Flujo Registro de Terapias - Milton Gómez

actor Terapeuta

participant "Registro de Terapia" as Registro

participant Paciente

participant "Expediente del Paciente" as Expediente

participant "Programación de Citas" as Programacion

Terapeuta -> Expediente : Buscar paciente por código interno

Expediente --> Terapeuta : Devolver información del paciente

Terapeuta -> Registro : Solicita última cita del paciente

Registro --> Terapeuta : Devuelve última cita

Terapeuta -> Registro : Registrar resultado de la terapia

Registro --> Expediente : Actualizar expediente con resultado

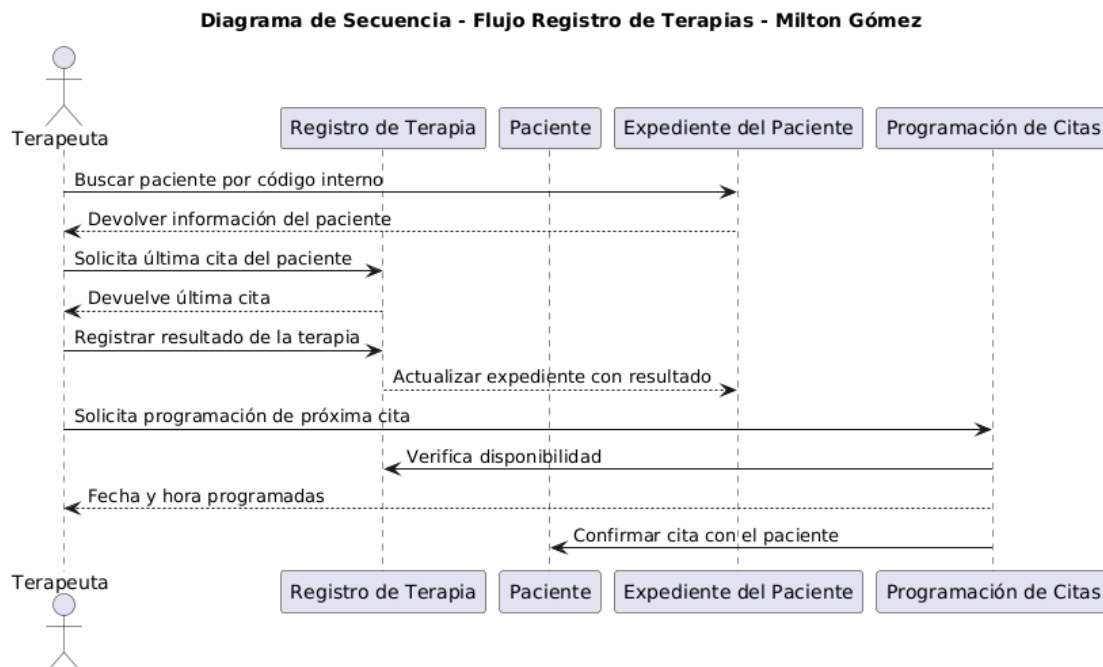

Terapeuta -> Programacion : Solicita programación de próxima cita

Programacion -> Registro : Verifica disponibilidad

Programacion --> Terapeuta : Fecha y hora programadas

Programacion -> Paciente : Confirmar cita con el paciente
